(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

- Preliminary
- Part A - Parties and land
- Part B - Purchaser's cooling-off rights and proceeding with the purchase
- Part C - Statement with respect to required particulars
- Part D - Certificate with respect to prescribed inquiries by registered agent
- Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part B - Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off (section 5)

1 - Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS -

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2 - Time for service

The cooling-off notice must be served -

- (a) if this form is served on you before the making of the contract - before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract - before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3 - Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4 - Methods of service

The cooling-off notice must be -

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

 (being the vendor's last known address); or
- (c) transmitted by fax or email to the following fax number or email address:

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

(being *the agent's address for service under the *Land Agents Act 1994* / ~~an address nominated by the agent to you for the purpose of service of the notice~~);

Note - Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that -

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 - Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than -

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase -

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Part C - Statement with respect to required particulars

Schedule - Division 1 - Particulars of mortgages charges and prescribed encumbrances affecting the land
 (section 7(1)(b))

Note -

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

- (a) there is an attachment to this statement and -
 - (i) all the required particulars are contained in that attachment; and
 - (ii) the attachment is identified in column 2; and
 - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance -
 - (i) is 1 of the following items in the table:
 - (A) under the heading 1. General -
 - 1.1 Mortgage of land
 - 1.4 Lease, agreement for lease, tenancy agreement or licence
 - 1.5 Caveat
 - 1.6 Lien or notice of a lien
 - (B) under the heading 36. Other charges -
 - 36.1 Charge of any kind affecting the land (not included in another item); and
 - (ii) is registered on the certificate of title to the land; and
 - (iii) is to be discharged or satisfied prior to or at settlement.

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A

Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (eg electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

DEVELOPMENT PLAN CONSENT CONDITIONS

- (1) The development must be undertaken, completed and maintained in accordance with the plan(s) and information detailed in Application No. 070/116850/2019 except where varied by any condition(s) listed below.
- (2) The materials used on the external surfaces of the building and the pre-coloured steel finishes or paintwork must be maintained in good condition at all times. All external paintwork must be completed within two (2) months of the erection of the dwelling.
Reason: To preserve and enhance the amenity of the site and locality.
- (3) The verandah shall not be enclosed on any side with any solid material except where included as part of the current application.
Reason: To preserve and enhance the amenity of the site and locality.
- (4) The planting and landscaping identified on the site plan drawing number 1, dated 17/06/2019 submitted with the application must be completed in the first planting season concurrent with or following commencement of the use of the dwelling. Such planting and landscaping must not be removed nor the branches of any tree lopped and any plants which become diseased or die must be replaced by suitable species.
Reason: To maintain the amenity of the site and locality.
- (5) All driveways, parking and manoeuvring areas must be formed, sealed with concrete, bitumen or paving, and be properly drained. They must be maintained in good condition thereafter.
Reason: To ensure useable and safe carparking.
- (6) Free and unrestricted access must be available to the driveway and this area must be available for parking at all times.
Reason: To ensure appropriate off street carparking is provide at all times.
- (7) Stormwater generated on the site during the construction period and for the life of the development, must be collected, treated as necessary to ensure contaminated stormwater does not discharge directly or indirectly to any waters. Discharged water shall not contain suspended solids in excess of twenty milligrams per litre (20mg/L).

Note: The Environment Protection Authority 'Handbook for Pollution Avoidance on Building Sites' details a range of strategies to collect, treat, store and dispose of stormwater during construction.

Reason: To assist and maintain water quality entering Council's drainage network.

Note(s):

- (1) The cost of rectifying any damage or conflict with any existing services or infrastructure arising out of this development will be borne by the applicant.
- (2) This consent does not obviate the need to obtain any other necessary approvals from any/all parties with an interest in the land.

- (3) Any works undertaken on Council owned land (including but not limited to works relating to reserves, crossing places, landscaping, footpaths, street trees and stormwater connections and underground electrical connections), shall require a separate authorisation from Council. Further information and/or specific details can be obtained by contacting Council's Civil Operations department on 8397 7444.
- (4) Please be advised that any retaining walls exceeding one metre in height and any fencing attached to a retaining wall where the combined height exceeds 2.1 metres requires Development Approval from Council by way of a separate application.
- (5) All earthworks must be confined to and contained entirely within the property boundaries and must not encroach on or over the roadside verge/reserve.
- (6) Please be advised that any fencing attached to a retaining wall where the combined height exceeds 2.1 metres will require Development Approval from Council by way of a separate application.
- (7) You are advised that under the *Fences Act 1975* you are legally required to give notice for the removal of a fence on the common boundary. Please refer to the *Fences Act 1975* for the correct procedural requirements.
- (8) The Council has not surveyed the subject land and has, for the purpose of its assessment, assumed that all dimensions and other details provided by the Applicant are correct and accurate.
- (9) This application involves development located on the boundary or within close proximity to the boundary of the allotment. To ensure that the proposed development is constructed within the allotment, it is recommended that a site survey be undertaken to confirm the location of the relevant boundaries.
- (10) Please be advised that your application involves work that may impact on the stability of neighbouring land. Pursuant to section 60 of the *Development Act 1993*, you are reminded of your obligations to:
 - 28 days before the building is commenced, caused to be served on the owner of the affected land a notice of intention to perform the building work and the nature of that work; and
 - Take precautions as may be prescribed to protect the affected land or premises, carry out such other building work in relation to that land or premises as that adjoining owner is authorised by the *Development Regulations 2008* to require.
- (11) Please be advised that this application has been granted Development Plan Consent only. An application for Building Rules Consent must be lodged and approved by Council prior to Development Approval being issued by Council.
- (12) NBN Co. is responsible for the installation of National Broadband Network (NBN) fibre for all developments in areas where NBN Co. has already rolled out fibre. To ensure services are available when residents move in, developers and builders must register their developments and apply to NBN Co. before building has commenced. To determine if your site is in an NBN area and to register your development, please complete the pre-qualifier forms located at www.nbnco.com.au/newdevelopments. For more information, please contact the NBN Co. New Developments Team on 1800 687 626 or email newdevelopments@nbnco.com.au.

BUILDING RULES CONSENT CONDITIONS

REFER TO PRIVATE CERTIFIER'S REPORT

MANDATORY NOTIFICATION

- (1) Stormwater shall be disposed of in such a manner so that none of the following conditions occur:
1. the water enters or lies against the building;
 2. the water unduly affects the stability of the building or any other building on the same site;
 3. the water unduly creates any unhealthy or dangerous condition on the site or within the building;
 4. the water discharges into any drain leading to a sewerage system or to a common effluent drainage system and shall not be discharged so that it flows onto adjoining properties without the prior written consent of the property owners.

Reason: To prevent stormwater damage to buildings on the site and to adjoining premises.

- (2) Roof framing must remain unconcealed for a minimum period of 2 clear business days after a notification of completion of roof framing (including top and bottom chord restraints, bracing and tie-downs) has been received by Council.

Reason: To provide a reasonable opportunity for Council to inspect the completed roof framing.

- (3) The person responsible giving notice of the completion of roof framing must, within 1 business day after the notice is given, provide to Council a duly completed supervisor's checklist relating to the roof framing signed by a registered work supervisor.

Reason: To confirm that the roof framing has been constructed in accordance with the approved plans and documentation.

- (4) The building work contractor or, in the absence of a building work contractor, the building owner **must** notify Council of the following stages of building work:

- Commencement of building work;
- Completion of steel reinforcement for footings;
- Completion of wall and roof framing;
- Completion of brickwork; and
- Completion of building work.

Notifications **must be** provided in writing, in one of the following ways:

- Electronically through by email: buildinginspections@cttg.sa.gov.au, or via Council's website: <http://cttg.sa.gov.au/buildingnotifications>;
- By post – PO Box 571, MODBURY SA 5092;
- By fax – 8397 7400;
- By leaving a notice with a duly authorised officer of the Council.

Reason: To provide a reasonable opportunity for Council to perform an inspection of building work prescribed pursuant to Regulation 74 of the Development Regulations 2008.

- (5) The builder must provide a Written Statement to Council that the building work carried out is in accordance with the approved documents. The notice must be forwarded to Council within 10 business days of either the notice of completion or occupation of the building.

ADDITIONAL INFORMATION

Builders are reminded of their obligation to ensure that **construction activity**—as defined in Schedule 1 of the *Local Nuisance and Litter Control Act 2016 (the Act)*—is undertaken between **7:00am and 7:00pm, Monday to Saturday**. No construction activity is permitted to be undertaken on any Sunday or Public Holiday.

The definition of construction activity includes—

- a. demolition work, site preparation work and building maintenance or repair work;
- b. the operation of vehicles within, or entering or leaving, a construction site; and
- c. any activities, at or within the immediate vicinity of a construction site of persons who perform work at the site, or work connected with work at the site.

Construction noise—defined in the Act as *noise from any construction activity*—is declared to constitute **Local Nuisance** for the purposes of Section 17(1)(e) of the Act where the construction noise is permitted to travel from the location of the construction activity to neighbouring premises outside of the abovementioned time(s).

IMPORTANT INFORMATION

The following information may be relevant to your authorisation. Please read and consider this carefully.

Operative Life of Your Authorisation

This approval will lapse twelve (12) months after the date of the authorisations. In cases where an extension of time has been granted, the date will be the extended date. In cases where there has been a Court appeal, the date will be the finalisation of that appeal.

If the relevant development has been lawfully commenced by substantial works within that twelve (12) months, then the authorisation will remain valid for three (3) years from the relevant date in accordance with regulation 48 of the *Development Regulations 2008* ('the Regulations').

As a guide; for developments involving new residential dwellings, substantial commencement has been generally considered by the Court to consist of the pouring of the footings and slab.

Where the authorisation is for a variation to an earlier authorisation, the lifespan of that authorisation will be calculated from the date of the earlier authorisation, unless otherwise approved by Council in accordance with section 39(7)(d) of the *Development Act 1993* ('the Act').

Extension of Time

An application may be made to Council to extend the time for commencement and/or completion of the Development. A request must be made in writing to Council and accompanied by the prescribed fee in accordance with section 40(3) of the Act and regulation 48(2) of the Regulations.

Building Near Power-lines

The Office of the Technical Regulator should be notified by you of all building work activities to occur near overhead electricity services and street mains. Failure to observe safe clearances to existing services while undertaking building work may render you liable for damages in accordance with Part 6 of the *Electricity Act 1996*.

Infrastructure Installation

You are advised to contact appropriate utility authorities (e.g. electricity, water, gas and telecommunication providers) regarding their requirements before construction commences.

Variations

If you wish to modify your development, or modify or remove any condition of approval, an application to vary your authorisation must be submitted to Council for assessment. For further information, contact the City Development department on 08 8397 7444.

Reserved Matters for Assessment

Where particular elements of Council's assessment are reserved pursuant to section 33(3) of the Act, authorisation is not formally granted until each reserved matter has been addressed to the satisfaction of Council.

Your Right(s) of Appeal

You may have a right of appeal to the *Environment, Resources and Development (ERD) Court* ('the Court') against the outcome of a decision or conditions of approval. An appeal must be lodged within two (2) months from the date upon which you receive notice of the decision, or such longer period as the Court may allow in accordance with section 86(4) of the Act. Please contact the Court, *and not the Council*, for further information regarding the appeal process. The Court is located in the Sir Samuel Way Building, Victoria Square, Adelaide. Telephone 08 8204 0300.

Category 3 Applications

A third party representor in a Category 3 development has a right to appeal against the outcome of Council's decision within fifteen (15) days of the date of that decision in accordance with section 38(14) of the Act.

Accordingly, works should not commence in respect of a Category 3 development for at least fifteen (15) days following the date of decision. It is recommended that the applicant contact the Court fifteen (15) days after the decision to determine whether an appeal has been lodged by a third party. If there is an appeal, the authorisation should not be acted upon until that appeal is either determined or withdrawn.

Building Work Affecting Neighbouring Land

Where your development includes work that may impact the stability of adjoining land, section 60 of the Act requires that you do the following—

- 28 days prior to the commencement of works, serve upon the owner(s) of any affected land(s) a notice of your intention to perform the building work, and the nature of that work; and
- take precautions as may be prescribed to protect the affected land(s) or premises, carry out such other building work in relation to the affected land(s) or premises as the adjoining owner is authorised by the Regulations to require.

The works for which notification is required are set out in regulation 75 of the Regulations. For further information, contact the City Development department on 08 8397 7444.

BUILDING RULES CONSENT CONDITIONS AND NOTES

Proposed Building Work	Dwelling and Verandah and Garage
Site Address	5 Perkins Crt, Greenwith
Applicant	D McDonald
Classification	1A Dwelling & 10A Garage, Porch, Alfresco, Balcony

Conditions 1

1. If the building work is to be carried out by a licensed builder, then the owner of the land on which domestic work is to be performed must ensure that a Housing Indemnity Insurance certificate in relation to that work is lodged with Council on or before the giving of notice to Council of commencement of building work.

Notes

- If an excavation penetrates a plane inclined downwards at a slope of 1 vertical to 2 horizontal from a point 600mm below the surface at the boundary the owner must notify the adjoining owner in accordance with Section 60 of the Development Act.
- If fill exceeds 200mm within 600mm of the boundary the owner must notify the adjoining owner in accordance with Section 60 of the Development Act.
- Brush fences are not permitted within 3 metres of a Class 1 (dwelling) building unless there is an appropriate level of protection (1 hour fire rating – 60/60/60 FRL) in accordance with the Minister's Specification SA76C.
- All stormwater must be disposed of in such a manner that it does not flow or discharge onto land of adjoining owners or lie against any building or create insanitary conditions. It is recommended where possible to drain stormwater from the building and paved areas to the street watertable.
- The Building Rules requires the installation of a smoke alarm. Where there more than one smoke alarm they shall be interconnected. Appropriate maintenance is important. You should test for audible alarm 3 monthly and replace the battery when necessary.
- During the period that the development is being undertaken care should be taken to ensure all paper, plastic, rubbish and other waste material associated with the building work is secured and contained within the subject land.
- A copy of the completed **Statement of Compliance, Parts A & B** (attached to the applicant's copy of this consent) for the building work must be provided to KBS Consultants within 10 business days after a notice of completion with respect to the building work is given.
- This assessment is for compliance with the requirements of the Building Rules as defined in the Development Act (and Regulations), and does not imply compliance with any other Act or Regulation. Building work cannot commence until the development is approved under the Act.

DEVELOPMENT APPROVAL NOTES

CITY OF
TEA TREE GULLY
Naturally Better

The owner is responsible to ensure that the approved building works are constructed within the property boundary.

Building materials are not to be placed on the road or footpath areas.

You are advised to contact appropriate authorities, such as SA Water, ETSA Utilities, Telstra, Transport SA, Origin Energy and Australia Post, regarding their requirements before construction is commenced.

The Office of the Technical Regulator should be notified by you of all proposals to erect signs, awnings, temporary scaffolding or other structures near overhead electricity service and street mains. Building work near overhead electricity conductors sometimes creates dangerous situations while underground cables are often covered in such a way that maintenance becomes impossible. Failure to observe safe clearances to existing services in building operations may make you liable to pay damages.

You may have a right of appeal to the Environment, Resources and Development (ERD) Court against the decision if it is either:
a refusal, or
an authorisation with conditions.

Such an appeal may be lodged within two months of the day on which you receive notice of the decision or such longer period as the Court may allow.

The administrative process is conducted by the ERD Court. Please contact the ERD Court if you wish to appeal. The Court is situated in the Sir Samuel Way Building, Victoria Square, Adelaide, Telephone 8204 0300.

If your application was the subject of third party representations, any consent shall not operate until after fifteen business days from the date of the decision.

It is recommended that you contact the ERD Court fifteen days after the date of the decision to determine if an appeal has been lodged.

If there is an appeal by a third party, any consent shall not operate until determination or withdrawal of the appeal.

The development must be substantially commenced (or for land division, you must apply to the Council and the Planning Commission for certificates of approval), within 12 months of the date of the decision unless the period has been extended by Council, (or if the decision has been subject to an appeal, 12 months from the date of the determination or withdrawal of the appeal).

If the development has not been substantially completed, any consent granted shall lapse after 3 years from the operative date of the decision or appeal.

If you are unable to satisfy these requirements you will require a fresh consent before commencing or continuing the development.

This Account is billed four times yearly for water use charges.

The last Water Use Year ended on 12/06/2024.

The property owner is currently using SA Water Corporation's direct debit system to pay water and sewer charges. Please advise the customer to make arrangements to cease the current direct debit payment method prior to property settlement.

Please note: If you have also ordered a Special Meter Reading for this property and it comes back as estimated, please ensure you provide a photo of the meter including serial number to have the certificate reissued.

SA Water has no record of an Encumbrance on this property as at the date of issue of this certificate.

If your property was constructed before 1929, it's recommended you request a property interest report and internal 'as constructed' sanitary drainage drawing to understand any specific requirements relating to the existing arrangements.

As constructed sanitary drainage drawings can be found at <https://maps.sa.gov.au/drainageplans/>

CERTIFICATE OF LAND TAX PAYABLE

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.

No payment is required on this Certificate

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.
